

KØKKEN: Kitchen Oil and Grease Cleaner

Kitchen Cleaning Series

Gentle and environmentally friendly cleaner

THE JOURNEY OF CHEMICAL AGENTS TO THE ENVIROMENT

The cleaning agents used in INDUSTRIES AND DOMESTIC HOUSEHOLDS contains many chemicals that are questionable in terms of safety, ambiguous and unclear definitions and attractive labels that are misleading with implications that they are safe and biodegradable.

In reality they are many ingredients that are not earth friendly. The lesser amounts does not guarantee its safety nor environmental compliance.

Today with the increase of population and the continued discharge of significant quantities of such chemicals will impact the environment.

SAFE AND EARTH FRIENDLY KITCHEN CLEANING PRODUCTS MUST START FROM SAFE AND FRIENDLY INGREDIENTS

- ◇ The formulation of the product must start with organic ingredients
- ◇ Safe and gentle on hands and skin
- ◇ Safe for the kitchen and the environment at large
- ◇ Readily biodegradable

Remove oil and grease without hard scrubbing and leaves surfaces shining

OSDEC KØKKEN is made from harmless natural plant extracts. It is a non-toxic, non-foaming, non-skin irritating, biodegradable, and environmentally friendly oil, grease and general purpose cleaner.

Application:

OSDEC KØKKEN effectively removes oil, grease and most stains on any surface. Use it to remove grease from metal kitchen utensils, ovens, kitchen hob, work table, tiles etc. Suitable for:

- ◇ metal, plastic, concrete, glass surfaces
- ◇ removing oil and grease from hands
- ◇ kitchen utensils, ovens, hobs, floor
- ◇ plastic utensils to remove stubborn oil

Advantages:

- ◇ Easy and light application with hand, brushing or damp cloth and wipe/rinse off
- ◇ Do not require subsequent detergent washing thus saving money and the environment
- ◇ Non abrasive; will not scratch polished surface
- ◇ Non-caustic and non-toxic formula – safe for use in the kitchen
- ◇ Non-corrosive; safe on skin and surfaces

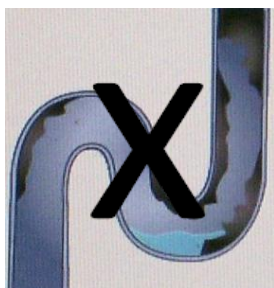

Call today and find out more how OSDEC can help you save time, money and the environment

Safe for all types of materials.
Specially engineered to remove
oil and grease from plastic
surfaces with a SINGLE wash

Easily removes oil and
grease from work surface.
Just spray, spread and
wipe/rinse off

Does not clog
or leave oil stains
in pipes and sink

Technical Data:

Physical and Chemical Properties:

State: Liquid
Solubility in Water (g/L): Partly Miscible
Boiling Point : 80°C
Specific Gravity (water=1): 0.921
Flash Point: 178° C
Auto Ignition Temperature : 316° C
Lower Explosive Limit (%): Not Applicable
Upper Explosive Limit (%): Not Applicable
pH(as supplied): <7

Hazard Identification:

RISK: None under normal operating conditions.
SAFETY: None under normal operating conditions.

Fire / Explosion Hazard:

Non combustible.
Not considered a significant fire risk, however
containers may burn.

Stability and Reactivity:

GENERAL:
This product is stable and hazardous polymerization
will not occur.

Ecological Information:

Fish toxicity:
Tilapia LC50 (96hr) - 880 mg/L (0.088%)

Ecotoxicity :

Persistence - Water/Soil: No Data
Persistence – Air: No Data
Bioaccumulation: No Data
Mobility : No Data

Regulatory Information:

RISK: NOT REGULATED FOR TRANSPORT OF
DANGEROUS GOODS: IATA, IMDG
None under normal operating conditions.
SAFETY : Safety Codes Safety Phrases

Packaging Specification

Product Code	Packaging
K-025	250mL Bottle
K-200	2 L bottle
K-1800	18 L Pail
