

OIL SPILL KIT:

Complete oil spill response solution

OSDEC OIL SPILL KIT offers you a complete and convenient solution packed into a portable bag, it contains everything you need to handle workplace oil and chemical spills.

Standard Kit:

- 1 Recyclable **bag** (1 no) designed for fast and mobile deployment
 - 2 **Absorbent pillows** (2 x 50cm x 50cm) attracts and encapsulates oil effectively. Pillow is REUSEABLE and has proven itself to be extremely absorbent (up to 40 times it's weight) in oil spill recovery.
 - 3 **Bio-Caps** (2 x 1kg) encapsulating powder soaks up hydrocarbon immediately and can be swept off leaving surface relatively oil free and dry
 - 4 **Osdec Defrag** (1 x 250ml) effectively removes oil and grease stains. It will breakup and lock in any form of oil, clean or dirty, without messy cleanup – just hose or wipe off.
 - 5 **Absorbent boom** (1 x 120cm x 7cm) to contain oil / chemical flow for subsequent mop up using Absorbent Pillows or Bio-Caps.
- ◇ **Absorbent pads** (5 x 40cm x 50cm) for light spills and final clean up
 - ◇ **Brush** (1 no) to spread Bio-Caps and collect clumps of encapsulated oil
 - ◇ **PE Bags** (2 no) for storage of scheduled waste generated during spill clean up
 - ◇ **Gloves** (2 pairs) for personal protective
 - ◇ **Oil Spill Clean Up Guide** (1 set), a step-by-step guide for proper use of oil spill products.

Key features of the **Osdec Absorbent Pillows** is that it is made of natural fiber, bio-degradable and are reusable i.e. absorbed hydrocarbon/chemical can be squeezed out and the pillow is ready to be use again. With its capability to absorb liquid up to 40 times its own weight, less material is required to do the job resulting in less scheduled waste being generated.

Oil Spill Clean Up Guide

1 WEAR APPROPRIATE PROTECTIVE GEAR

2 DEPLOY ABSORBENT BOOM TO STOP OIL FLOW

3 DEPLOY ABSORBENT PILLOW TO RECOVER OIL

4 SQUEEZE TO EXTRACT OIL

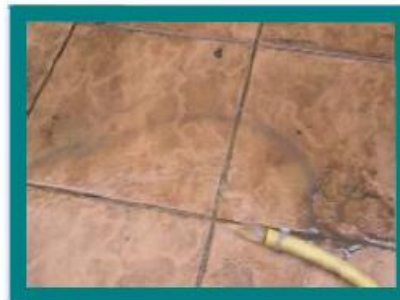

5 RE-DEPLOY ABSORBENT PILLOW TO RECOVER MORE OIL

6 SPRINKLE BIO-CAPS POWDER ON SOILED AREAS AND COLLECT CLUMPS OF ABSORBED OIL

7 SPRAY OSDEC DEFRAG ON OILY SURFACE, BRUSHING IS RECOMMENDED
